

## Open Meeting for Next Tuesday To Decide Union Station's Fate

### CLUBS MAY MAP PUBLICITY DRIVE

Junior Chamber of Commerce to Join Engineers in Cause

### KIWANIANS LINED UP

Appoint Member of Union Station Committee; Railroads Favor Project

Whether there will be an active campaign waged to obtain a union station here for use by the Santa Fe, Kalg and Midland Valley railroads will probably be determined at a meeting to be held Tuesday night, February 15, in the municipal auditorium. The Tulsa chapter of the American Association of Engineers has taken the initiative in calling the meeting, which is to be held jointly with the junior chamber of commerce which has the same night.

**Kiwani Appoints Committee.**

H. M. Hollingsworth, president of the engineers' chapter, was assured the support of the Kiwanis club at its weekly luncheon Monday afternoon. E. H. Caschier, Kiwanian, was appointed by the president to become a member of the committee which will be selected from all civic organizations to assist the engineers in planning for the construction of the union station project.

According to the report of a special committee of engineers belonging to the local association, the proposed station would cost \$175,000, it would be located on property acquired and owned by the Tulsa-Santa Fe Railroad company at Second and Elgin, and includes the passenger station, sheds, trackage and all other equipment necessary for a union station.

The committee explained that the Frisco is now running its trains daily and the Santa Fe, Kalg and Midland Valley six trains each; therefore, it advises the continued use of the present station by the Frisco to equalize station facilities.

**Roads Approve Plan.**

Officials of the three railroads concerned with the new station project have been interviewed members of the engineers' committee, and so far as the report shows they are not unfavorable toward it.

The meeting next Tuesday night is open to anyone in addition to members of the committee selected from civic organizations, interested in the project. It will be decided then how the city shall proceed in shaping the project so it may be presented in definite form to railroad officials.

**MURDER CHARGED TETER**

**Death of John Moore Brings More Serious Charge for Assassin.**

Scott Teter, charged last week with assault with intent to kill in connection with the shooting of John Moore at First street and Cheyenne avenue the night of January 28, was Tuesday charged with murder. Moore having died Saturday night as the result of a bullet wound. Teter was released on bond of \$5,000 in the former case by Justice H. J. Gray and his preliminary hearing on this charge is set for today.

**TO ALL CONTRACTORS AND THE PUBLIC NOTICE.**

By action of Local No. 943 the scale of wages for Union Carpenters will be \$1.25 per hour for the year 1921.

J. E. GILMER, Rec. Sec. Local No. 943.

**Fugitive for Three Years, Dunn Is Sent To the Penitentiary**

Legislators Plan to Let Him Keep All of \$75,000 Salary.

WASHINGTON, Feb. 7.—The first move to exempt the salary of the president from income taxes was made today in the house by Representative Dell, Democrat, of New York, who introduced a bill to exempt not only the \$75,000 salary of the president, but also the salary of the vice president. Beginning next March 4 the president will have to pay an income tax of about \$18,000 a year unless special exemption legislation is enacted.

Legislators Plan to Let Him Keep All of \$75,000 Salary.

WASHINGTON, Feb. 7.—The first

move to exempt the salary of the

president from income taxes was

made today in the house by Repre-

sentative Dell, Democrat, of New

York, who introduced a bill to ex-

empt not only the \$75,000 salary of

the president, but also the salary of

the vice president. Beginning next

March 4 the president will have to

pay an income tax of about \$18,000

a year unless special exemption leg-

islation is enacted.

George Dunn, arrested at Sapulpa in January as a bank robber suspect, was committed to the state penitentiary at McAlester, Monday by Judge Redmond S. Cole, the district court judge, on conviction in April 1912, of grand larceny. The court overruled the objection of Dunn's counsel who declared there was no judgment or sentence by the trial judges. Judge Cole, however, called attention of counsel to the fact that Dunn had given notice of appeal in his conviction to the Oklahoma criminal court of appeals, and that upon his failure to take other steps to appeal the case, a bench warrant was issued for the defendant November 1, 1912.

All trace of Dunn was lost after he made an appeal bond of \$2,000 and not until he was identified as Dunn after his arrest as a suspect at Sapulpa, he was recognized as the man sentenced in the Tulsa county district court in 1912.

The committee explained that the Frisco is now running its trains daily and the Santa Fe, Kalg and Midland Valley six trains each; therefore, it advises the continued use of the present station by the Frisco to equalize station facilities.

### C. OF C. ANNOUNCE HOUSING MEETING

Attempt to be Made to Get all Sides Together for Building Treaty

ready and willing to participate in the meeting.

Contractors and labor are apparently unable to reach a satisfactory agreement, several local capitalists who contemplate the erection of large buildings believe material and labor costs are both too high and consequently are pessimistic.

The meeting to be held Wednesday, according to Douglas, is one at which all sides to the controversy will be heard, regardless of what their opinions may be. There can be no satisfactory solution unless attitudes assumed by those interested are changed, he says.

Further steps toward stimulating building operations were taken by the chamber of commerce Monday by the appointment of a committee which immediately called a meeting of real estate dealers, contractors, building material sellers, and heads of various labor organizations to be held in the municipal auditorium at 3 o'clock Wednesday afternoon.

The committee is composed of H. O. McClure, John R. Hadley, J. M. Gillette, A. W. Hurley and Cass May.

This course was followed in accordance with the action of the board of directors of the chamber of commerce at its weekly meeting Friday endorsing the suggestion of the managing director that both managers of the building trades meet and agree upon a "margin" period during which both sides would temporarily reduce prices and thus assure a resumption of building operations in Tulsa. It is the theory of Managing Director Douglas that if men work longer days are profitable to retail stores, and are also more profitable to material men and laborers men, both by moving goods from shelves or yards and by providing employment for many who are now idle.

While bricklayers and carpenters are most concerned in the coming meeting, the architect and engineer, and all other crafts, including electricians, plumbers, tinsmiths and plasterers are interested to an important extent. Heads of the carpenters' union have declared their craft is

a decrease of from 20 to 50 per cent.
